

Invest in Texas! - Platform Overview

www.schwabfortexas.com

1. Invest in People

As a retired Army officer, I believe in serving our communities with honor, respect, and integrity. That means advocating for:

- Quality education for every child, with resources and respect for teachers.
- Affordable and accessible healthcare to improve outcomes across the state.
- Strong support for veterans and their families.
- Local control to ensure communities make decisions that reflect their values and needs.
- Property tax relief to reduce the burden on working families and retirees.

2. Invest in Infrastructure

Infrastructure is the foundation of opportunity. I will champion:

- Modernizing water systems and protecting natural resources.
- Expanding broadband access to rural and underserved areas.
- Improving roads, public transit, and flood mitigation projects.
- Upgrading school facilities and public buildings to meet community needs.
- Investing in solar farms, battery storage, and a resilient Texas energy grid to support long-term energy independence.

3. Invest in Small Businesses

Small businesses are the backbone of Texas. I will work to:

- Cut red tape and eliminate barriers that block local entrepreneurs.
- Level the playing field so small businesses can compete with large corporations.
- Promote job creation through strategic grants and partnerships.
- Ensure fair taxation and access to affordable capital.
